

Car parking is available for your convenience

We have 3 parks available directly outside the building entrance on College Hill. If these are occupied we welcome you to park in our underground client car park, located at the rear of the building. This is accessible by taking the first left after 16 College Hill, turning into Cascade Street, turn left at the end and another left into Spring Street. 30 metres on the left is a small lane you can drive down.

You will be greeted with a roller door and intercom system. Please activate the intercom by pushing the button and state your name to our receptionist. Once you have entered, please drive through and park in one of our designated client car parks. Proceed to level 3 reception.
